

Japan Credit Rating Agency, Ltd. (JCR) announces the following credit rating.

## JRE Mega Solar Project Bond Trust 2 Beneficial Interest

<Affirmation>

Beneficial Interest: A

### Rationale

This is a project finance for the mega solar project by Japan Renewable Energy Co., Ltd. (sponsor), which is operated in Kamisu City, Ibaraki Prefecture. As actual revenue from electricity sales has been above the plan, and costs have been conservatively estimated, DSCR remains at a good level. The project has been conducted smoothly, and there have been no particular events that would affect its debt-servicing capacity. The forecast for the future cash flows has not changed significantly since the initial rating. JCR sees that cash flows from this project has a sufficiently high margin for the redemption of the beneficial interest.
