

Japan Credit Rating Agency, Ltd. (JCR) announces the following credit rating.

<Asset Securitization Products> Concerted 7

<Assignment>

Beneficial Interest:

Senior Beneficial Interest:	Preliminary AAA
Seller's Beneficial Interest:	Preliminary BBB
Subordinated Beneficial Interest:	Preliminary BBB

This is securitization of card shopping receivables held by the Originator. There are no concerns about capabilities of parties to the structure to carry out their services. The certainty of the principal repayment and income dividend for the Senior Beneficial Interest as stipulated is maintained at a level equivalent to AAA through senior-subordinated structure and legal measures. JCR assessed its rating on the Seller's Beneficial Interest as a level of BBB in light of certainty of the scheduled dividend payments in full and the possibility of the principal's impairment as a result of occurrences of bad debts and cancellation on the card shopping receivables. JCR also assessed its rating on the Subordinated Beneficial Interest as BBB in light of the possibility of the principal's impairment as a result of occurrences of bad debts and cancellation on the card shopping receivables.
