

Japan Credit Rating Agency, Ltd. (JCR) announces the following credit rating.

<Asset Securitization Products> Concerted 5

<Affirmation>

Beneficial Interest:

Senior Beneficial Interest:	AAA
Seller's Beneficial Interest:	BBB
Subordinated Beneficial Interest:	BBB

This is securitization of card shopping receivables held by the Originator. There are no concerns about capabilities of parties to the structure to carry out their services. Prospects for the principal redemption and earnings dividend for the Senior Beneficial Interest to be made as stipulated are assessed to be at the level of AAA rating through senior-subordinated structure and legal measures. JCR assessed its rating on the Seller's Beneficial Interest as at the level of BBB in light of certainty of the scheduled dividend payments in full and the possibility of the principal's impairment as a result of occurrences of bad debts and cancellation in the card shopping receivables. JCR also assessed its rating on the Subordinated Beneficial Interest as at BBB in light of the possibility of the principal's impairment as a result of occurrences of bad debts and cancellation in the card shopping receivables.
