

Japan Credit Rating Agency, Ltd. (JCR) announces the following credit rating.

JRE Mega Solar Project Bond Trust 1 Class C Beneficial Interest

<Affirmation>

Beneficial Interest: BBB+

Rationale

This is project finance by Japan Renewable Energy Co., Ltd. (sponsor) for the mega solar project that is operated in Namegata City, Ibaraki Prefecture. Actual amount of power generation has been above the planned value, and there have been no events that would affect the project's creditworthiness. This project has been conducted smoothly in general, and DSCR has been staying above the expected level by and large. The outlook for the future cash flows has not changed significantly since the time of the initial rating. JCR sees that cash flows from this project has a certain margin for the redemption of the beneficial interest. Taking the above into consideration, JCR affirmed the BBB+ rating on the beneficial interest.
