

Japan Credit Rating Agency, Ltd. (JCR) announces the following credit rating.

## <Asset Securitization Products> Monthly Clear Receivable II Senior Beneficial Interest A

<Assignment>

Trust Beneficial Interest Program: Preliminary J-1

### Rationale

This Beneficial Interest Program is backed by monthly clear receivables, which are card shopping receivables with a single payment in the next month of use of the card, held by the Originator against the credit card members. There are no concerns about administrative capabilities of the parties involved in the operation of the scheme, and JCR evaluates that the risk associated with the principal redemption and dividend payments of the Senior Beneficial Interest to be issued under the Program is at a level equivalent to “J-1” through the credit enhancement and mechanism of the structure.
