

Japan Credit Rating Agency, Ltd. (JCR) announces the following credit rating.

<Asset Securitization Products> Hayabusa 2

<Assignment>

Beneficial Interest:	Preliminary AAA
ABL:	Preliminary AAA

Rationale

While Mitsubishi UFJ Morgan Stanley Securities Co., Ltd. sets up a monetary trust other than specified money trusts with Mitsubishi UFJ Trust and Banking Corporation, the Originator assigns the investment purpose condominium loans receivables under captive loan scheme to the Trustee, which then establishes Class A Beneficial Interest, Class B Beneficial Interest, and Class C Beneficial Interest backed by the investment purpose condominium loans. A part of Class A Beneficial Interest will be redeemed by accepting ABL from the Entrustor. Joint and several guarantee by the Servicer is attached to all assigned receivables. The Servicer delivers the collected money from the debtors or payment in subrogation through the Originator to the Trustee every month.

Considering the Class A Beneficial Interest and ABL are kept at levels equivalent to AAA rating owing to the senior-subordinated structure and legal measures, JCR has assigned a preliminary AAA rating to the Class A Beneficial Interest and ABL as detailed hereunder.
