

Japan Credit Rating Agency, Ltd. (JCR) announces the following credit rating.

## <Asset Securitization Products> Monthly Clear Receivables 15 ABCP Programs (Super Trust 1 through 15, LLCs)

<Affirmation>

ABCP Programs: J-1+

### Rationale

JCR affirmed the rating on each of the ABCP Programs established by the 15 SPCs. These ABCP Programs are under the same scheme with underlying assets being monthly clear receivables from cardholders with a single payment in the next month of their given use of the card. There are no significant concerns about administrative capabilities of parties to the structure. JCR assesses that the risk of redemption of the ABCP Programs remains at J-1+ thanks to credit enhancement and mechanism of structure.
